EYG ANNOUNCES FURTHER EXPANSION IN LINCOLN

Glazing and conservatory specialists, the EYG Group, is extending its UK retail network with the opening of a new showroom south of Lincoln.

The 1,000 sq. ft. complex, which will feature the latest conservatories and home improvement products, is being built on land adjacent to the Pennells Garden Centre in Newark Road, South Hykeham.

Representing a total investment in excess of £100,000, this latest expansion confirms EYG's position as one of the country's leading independently-owned glazing and conservatory suppliers to both the retail and commercial sectors.

Earlier this year, EYG invested around £500,000 in the conversion of a former garage in Spalding into a new showroom and sales centre employing 30 people and serving the south Lincolnshire and East Midlands region.

The company's joint managing director, Nick Ward, said the development at Lincoln was another major step forward in the company's long-term investment programme. He added: "Pennells Garden Centre is a very popular visitor destination and we are delighted to be able to create an EYG presence on this site.

"We intend to close our premises in High Street, Lincoln, which have simply become too small for our requirements, and relocate the administration and telesales staff to the new centre, hopefully in time for a Christmas opening."

More/....

Richard Pennell, Managing Director of Pennells Garden Centres, said he welcomed EYG as a neighbour. He added: “We have also invested recently on this site which now provides just over 3,500 square metres of retail space, concessions and our recently opened restaurant. EYG is a well established brand and their new conservatory and home improvement showroom fits in very well with our overall attraction.”

Nick Ward added: “EYG’s main areas of operation are Yorkshire, the North East, Lincolnshire, East Midlands, Derbyshire, Nottinghamshire, London and South Wales and as our share of the market in these regions continues to grow we need to increase our local presence to guarantee a top class service delivery.”

EYG, which has its headquarters in Hull, has a turnover in excess of £20m and employs around 360 people, mostly at their Hull headquarters. In addition to sales to the public, the company is a major provider to a wide range of commercial projects, including housing developments, inner city apartments, student accommodation, offices, showrooms and schools.
