Patio doors are a stylish way to effortlessly make the transition from indoors to outdoors, turning the garden into a natural extension of your home. As well as looking great on any age or style of property, they'll help to flood your room with natural light.

2, 3 or 4 panel options

Slimline profiles

Easy-glide tracks and rollers

Low threshold option (for
internal use only)

Energy-efficient glazing

FEATURES

EYG's patio doors combine security and thermal performance with a design that can be configured to your home.

Can be tested to PAS24 for enhanced security with an option to be certified 'Secured by Design'
